## *A word from the mayor...*

Dear citizens,

Well, it seems as if the weather is somewhat better - finally!

The Municipality is also taking up its regular routine and plans a variety of activities and events for the summer season. I invite you all to get involved and to participate in as many events as possible, this will no doubt create a feeling of community spirit. These events are the result of the hard work and efforts of community groups and the committees of the Council made up of residents and members of the personnel. A big thank you to all - so let's show them our support together!

We recognize the impact that the last years have had on people. It is imperative that we give our lives a semblance of normality. Even though life is not totally as it was, we are glad to start to bring back some of our past traditions, as well as creating new ones.

Thank you for being symbols of strength and resilience. I'm anxious to see you this summer at one or many of the events that are planned in the Municipality.

On a different note, but just as important, I ask you to support our local businesses, they are important for our community.

---

*"We commit ourselves to respect the principles of good governance, to work together in the best interest of the citizens of our Municipality and to discharge our responsibilities to the best of our abilities and our judgment. "*  
*My thought of the month Gino*

---

Congratulations to Ms Fannie Fournier, librarian and events planner for her nomination to the board of directors of the BIBLIO network of the Montérégie.

In closing, I wish you an incredibly happy and safe summer. I hope fun will be on the agenda!

## PUBLIC MEETING FOR PRIVATE ROADS

Saturday, May 28, 2022, the residents of private roads were invited to a public information meeting. Since August 2019, date of the last meeting, numerous ideas were presented: the creation of a committee of private roads, polling the residents, creation of a private roads guide, it was important that the members of the committee were able to present the results of their work.

More than 120 persons were present, representing 45 different private roads out of a possible 89 private roads. The meeting lasted more than two hours, a presentation was made by mayor Gino Moretti who was accompanied by Ms Ginette Caza, district 1 councillor and Mr. Denis Lévesque, managing director.

Following the presentation of a recap of actions taken by the committee, as well as an overview of the private roads guide, the mayor as well as the managing director answered questions from the audience. We agreed that people appreciated the meeting and some citizens took the occasion to meet us in private for more personal situations that will need interventions, in certain cases, of the municipal administration.

« I am pleased to see the participation at this meeting of more that 51% of our privated roads » mentions mayor Gino Moretti. The private roads committee is made up of the mayor, who acts as chairman, of Mssrs Claude Patenaude, Urgel Carrière, Alain Fournier, Ilan Shulman and the managing director who is secretary.

In the coming months, the committee will deliberate the discussions as well as the questions raised by the people present. A new poll will be done in the fall to continue to learn the needs of the residents of private roads.

**URGENT**

## Urban development

### WELCOME TO MARC BOUCHARD, ASSISTANT INSPECTEUR

The municipal council has endorsed the recommendation of the managing director and has authorized the hiring of Mr. Marc Bouchard as assistant inspector. Mr. Bouchard started June 7, 2022 and has experience in municipal inspection, in work relations, social safety and residential evaluation. You may have seen him in the past on the municipality's territory when he worked for one of our property evaluation firms.

Welcome to the Municipality of Saint-Anicet, Marc!

### ANSWERING REQUESTS

Please note that we are presently receiving an exceptionally large number of calls, e-mails, permit and certificate requests and others. For this reason, it is possible that the delay to answer these requests may be longer than normal. However, we are working hard to maintain a general average writing time of around two (2) to three (3) weeks. Be assured that we will answer your requests and will follow up. **Please avoid leaving more than one message about the same thing**, to maintain productivity, to maximize our resources and maintain customer service.

*Thank you for your patience and collaboration!*

### I MAKE MY POOL SAFE, IT IS MY RESPONSIBILITY

To answer the recommendation made by numerous coroners in the last few years and in order to reduce the risks of drowning of young children, the municipal affairs department and housing (MAMH) announced in 2021 a reinforcement of bylaws in the matter of safety for residential pools. The bylaw on the safety of residential pools will from now on apply to all pools regardless of their date of installation. As summer approaches, let's remember that from now on, **all pool owners will have until July 1, 2023 to conform to the bylaw.**

To know more about the safety measures to follow when installing a residential pool or for an existing installation, visit [quebec.ca/piscinesresidentielles](http://quebec.ca/piscinesresidentielles). Remember that a municipal permit is required to install a pool or to construct a fence as well as a platform or terrace that gives access to a pool.

### WORKS IN MIND!

Don't forget to request your permit before beginning construction. When a permit or certificate is issued, it's because and inspector concluded that the projected work complied with municipal urban development bylaws. That's why a permit request must include the necessary documents for this analysis and a delay is to be expected. That's also why **work cannot begin before the permit is issued, paid for and picked up**. A permit is the authorization to construct or to do what is requested and this request must be written, detailed, signed and paid. It is a legal procedure that can be complicated for some. We, therefore, offer a slew of information on our web site under the tab Service aux citoyens / permis. If in doubt, contact us.

### LICENSE FOR CAMPERS

The arrival of summer starts a new camping season, to the happiness of camping enthusiasts. Of course there are some tourist attractions in our municipality where camping is permitted. However, can you set up your camping, tent-trailer or tente anywhere you want? Unfortunately, no! Using a camper, tent-trailer or RV outside a camping site is not allowed even during the holidays. However, we are now in the second year of a two-year pilot project that will allow a request for a license to use a camper at the cost of \$25. This license is valid for fifteen (15) days after the date of its request. Certain conditions can apply, you can find the details on our web site (bylaw number 541).

### LICENSE FOR HENHOUSE IN THE WHITE ZONE

We are already in the last year of our pilot project authorizing having laying hens, under certain conditions, in the residential sector of the territory of the Municipality of Saint-Anicet. The pilot project issues 25 licenses and one license can be issued per property. The pilot project allows 2 to 5 hens to be kept on a lot with a minimum area of 2,787 square metres, (29,999 square feet) where a one family home is located and used as a permanent residence located outside the agricultural zone with the condition that the owner has a license issued by the Municipality of Saint-Anicet. More conditions must be met, you can obtain all the details on the web site (bylaw number 540).

Chères Anicetoises, chers Anicetois,

La Loi 122 abolit l'obligation du maire de faire un fait rapport sur la situation financière de la Municipalité au cours d'une séance du conseil pour adoption. En contrepartie, la Loi prévoit les mesures suivantes : Le maire doit lors de la séance ordinaire du conseil tenue en juin, faire rapport aux citoyens des faits saillants du rapport financier, du rapport du vérificateur général et du rapport du vérificateur externe. Ce rapport est diffusé sur le territoire de la Municipalité conformément aux modalités déterminées par le conseil.

	550 903	651 240
<b>Excédent (déficit) de fonctionnement de l'exercice à des fins fiscales</b>	<b>0</b>	<b>310 518</b>

Tout d'abord, j'ai le plaisir de vous présenter le rapport sur les faits saillants de l'exercice financier 2021. Les états financiers démontrent que nous avons dégagé un surplus de 310 518\$ pour l'année 2021, résultat d'une saine gestion et d'un contrôle rigoureux des finances publiques. Ces résultats positifs sont notamment attribuables au développement de

notre Municipalité et un marché immobilier très actif qui a engendré des revenus supplémentaires en matière de droits de mutation. D'autre part, des économies ont été réalisées au niveau des dépenses, principalement aux activités de loisirs, au déneigement et aux parcs.

L'année qui s'est terminée le 31 décembre 2021, les revenus de la Municipalité se sont chiffrés à 6 469 575\$ alors que les charges s'élevaient à 5 441 189 \$, ce qui nous a amenés à un excédent de l'exercice de 1 028 386\$ avant conciliation à des fins fiscales. Une fois cette conciliation effectuée, nous obtenons un excédent de 310 518\$.

 Revenus additionnels nets de 1 310 543 \$ avec des suppléments de 31 254 \$

 Excédent du rapport financier consolidé 307 079 \$

 Réduction de la dette à l'ensemble de la Municipalité pour 2021 de: 264 745 \$

À la fin de l'exercice financier 2021, la dette à long terme de la Municipalité était de 2 510 032 \$. Incluant les revenus futurs découlant des ententes conclues avec le Gouvernement du Québec.

Rapport de l'auditeur externe BCGO s.e.n.c.r.l. les états financiers consolidés donnent, dans tous les aspects significatifs, une image fidèle de la situation financière de la Municipalité de Saint-Anicet et des organismes partenaires, ainsi que des résultats de ses activités, de la variation de ses actifs financiers nets (sa dette nette) et de ses flux de trésorerie consolidés.

### **Rapport de l'auditeur indépendant**

De l'avis des auditeurs, les états financiers consolidés donnent, dans tous leurs aspects significatifs, une image fidèle de la situation financière de la Municipalité de Saint-Anicet au 31 décembre 2021 ainsi que des résultats de ses activités, de la variation de ses actifs financiers nets (de sa dette nette) et de ses flux de trésorerie pour l'exercice terminé à cette date, conformément aux normes comptables canadiennes pour le secteur public.

La firme BCGO. s.e.n.c.r.l. a été retenu pour la vérification obligatoire des comptes de la Municipalité, tenus par le directeur général et secrétaire-trésorière, en vertu du Code municipal de la province de Québec.

### **Constatations découlant de l'audit**

Dans son rapport pour l'exercice qui se terminait le 31 décembre 2021, l'auditeur BCGO s.e.n.c.r.l. a relevé les faiblesses suivantes dans la conception ou la mise en œuvre du contrôle interne à l'égard de l'information financière.

 L'opinion de l'auditeur soulève une réserve concernant l'exhaustivité des droits des carrières et sablières, puisque nous n'avons pas mis en place des mesures pour nous assurer de l'exactitude des déclarations produites par les exploitants

## **RÉALISATIONS 2021**

Pour que la gouvernance municipale soit transparente, légitime et crédible, une organisation municipale se doit d'informer ses citoyens de son fonctionnement et de la performance de ses différents services.

Je suis heureux de saisir cette occasion pour fournir « les faits saillants sur la situation financière » aux citoyens de Saint-Anicet concernant la situation financière au 31 décembre 2021.

## RÉALISATIONS 2021

Des investissements dynamiques pour assurer l'innovation et la sécurité de nos citoyens:

- Réfection au niveau de la voirie, Chemin Leahy entre Montée Cazaville et Cooper, une partie du Chemin de Planches et la 132<sup>e</sup> Avenue ;
- Début des travaux pour le remplacement de l'éclairage de rue au DEL ;
- Remplacement d'une partie des appareils de protections respiratoires du service de sécurité incendie ;
- Création d'un fonds pour les infrastructures (routières, mobilier roulant et bâtiments municipaux).

Le conseil veut continuer d'offrir à ces citoyens une qualité de service à la hauteur de leurs attentes.

À ce moment, j'aimerais remercier tous les résidents pour leur patience pendant la pandémie COVID-19 et pour la participation active aux consignes et directives du gouvernement.

## ORIENTATIONS 2022

Le conseil municipal entend poursuivre les événements actuels tout en maintenant un entretien adéquat des routes, des bâtiments municipaux, des services d'égout et d'incendie. Cette année, la Municipalité met en place un service de camp de jour. Au niveau des parcs et des espaces verts, nous terminerons les travaux du Parc intergénérationnel, et avons débuté un plan directeur pour connaître les intentions des citoyens concernant leurs besoins en parc et espace vert.

Au niveau de l'environnement, la Municipalité mettra en place en 2023, la collecte des matières organiques (bac brun), tout le travail de planification et de séance d'information sera fait d'ici la fin de l'année, nous travaillons aussi à l'implantation d'un écocentre près du garage municipal.

La créativité doit prendre une plus grande place dans notre milieu municipal, si l'on veut atteindre nos orientations 2022. N'oubliez pas que la clé du succès : est notre passion pour la Municipalité de Saint-Anicet.

## INFORMATIONS

La population de Saint-Anicet est de 2733 personnes selon la Gazette officielle du Québec pour l'année 2021. La Municipalité compte 2759 unités d'évaluation.

	2021	2022
Évaluation foncière imposable	558 377 100 \$	708 464 300 \$
Taux de taxe foncière générale	0,5201 \$/100 \$	0,4306 \$/100 \$
Taxes spéciales pour le service de la dette	0,1857 \$/100 \$	0,1690 \$/100 \$
Taxe d'enlèvement des ordures	107,01 \$	147,13 \$

## CONCLUSION

J'espère que la publication de ce rapport vous permettra de mieux comprendre les rôles, les responsabilités de la situation financière de votre municipalité, d'apprendre davantage sur des aspects souvent méconnus, mais tout de même indispensables à son bon fonctionnement. Une situation que plusieurs municipalités envient.

En terminant, je tiens à remercier tous les membres du Conseil municipal, pour tout le temps investi et le travail accompli. Remercier notre directeur général, M. Denis Lévesque, je tiens à souligner et remercier les employés municipaux pour leur travail et dévouement pour la Municipalité de Saint-Anicet.

Gino Moretti, maire

La Municipalité de Saint-Anicet est le paradis de la MRC du Haut-Saint-Laurent et la perle de la province, un endroit convoité pour y vivre, travailler, prendre des vacances ou sa retraite.

## Some news from your Historical society—SUMMER 2022

Summer is here, the pandemic is receding! The Historical society is renewing its activities and propose:

- A mini market open from Wednesday to Sunday from 11 am to 5 pm between June 25 and August 14, 2022. More than ten local producers will offer their varied products.
- All summer, an exhibition to commemorate the 100th anniversary of the Cercle de Fermières of Saint-Anicet, in our premises. About a hundred pieces of handicrafts made through the years.
- A heritage tour in the village. It is a guided tour of about 45 minutes recounting the history and architecture of the various heritage homes of Saint-Anicet. There will be many departures all summer. For the calendary, the schedule and the way to register, visit our web site or come visit us at our premises.

## People of the region support CIEL

After a race to the finish to respect the deadline on the offer to purchase, the *Centre d'intendance écologique Latreille (CIEL)* launched a fundraiser that made it possible to obtain the necessary funds to purchase the woodland of 84 hectares.

Effectively, last May 24 the two representatives of CIEL, Jean-Marie Latreille and Jean-Luc Génier signed the deed to the lot located at 3116 4th Range in Godmanchester. A conservation servitude in perpetuity on that lot was included in the contract

The organization wishes to thank all contributors who by their generosity and their environment consciousness permitted this addition of conservation areas to our region. CIEL now owns nearly 240 hectares of land for the conservation of our natural heritage. It's a great biodiversity gift for future generations!

Remember that the Centre d'intendance écologique Latreille is a non-profit organization whose objective is to acquire and conserve areas that have an ecological value.

Jean-Marie Latreille, Jean-Luc Génier, André Hébert and Pierre Léger on the site of the new territory last May 24th.
